Dear Rector Szmidt,

I have great pleasure to inform you that on 5th November, 2014 Taiwan and Poland have signed the Working Holiday Scheme Agreement, which enables young people to get a work visa and a job in a foreign country and live there very inexpensively. The program is exceptional because young people get to experience unfamiliar cultures, learn compelling trades, and see different parts of the world without spending a fortune. The Working Holiday Agreement was officially launched on 1st December, 2014.

According to the Agreement, Taiwan and Poland will respectively provide every year 200 places to young people between 18 and 30 years old to visit each other's countries with duration of stay for one year.

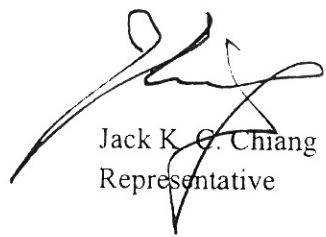

Details of the visa application procedure for Polish applicants are available at the official website of the Taipei Economic and Cultural Office in Poland (<http://www.roc-taiwan.org/PL/mp.asp?mp=197>).

The Taipei Economic and Cultural Office in Poland welcomes Polish youth to visit Taiwan, to experience Taiwanese hospitality, friendly, convenient and comfortable environment for foreign tourists and rich Chinese culture, which is well preserved in Taiwan. I truly believe that based on bilateral cooperation on the field of education, Taiwan-Poland relations would be further strengthened. Information on Taiwan is available at the following websites:
