**Prof. Dr. Marianna Jacyna**, Dean  
of Faculty of Transport Warsaw  
University of Technology 00-662  
Warsaw, ul. Koszykowa 75

**Dear Professor Marianna Jacyna!**

On behalf of Baku Engineering University (BEU), I want express my sincere gratitude to you and the team of Transport Faculty of Warsaw University of Technology for the highest level of training organization in the framework of the “Crisis and Risks Engineering for Transport Services (CRENG)” Erasmus+ KA2 CBHE project on the 25<sup>th</sup> of November – 3<sup>rd</sup> of December, 2019 in Warsaw / Poland.

Your hospitality and professionalism impressed participants of the training very much. The experience shared by the team of Transport Faculty in organizing the educational process, implementing of the university internationalization strategy, operating modern laboratories in educational process and research, using modern teaching methods is invaluable for the team of “CRENG” project and the university as whole.

We are very pleased that in “CRENG” project we found such a professional and reliable partner and coordinator. BEU team is looking forward a long, fruitful cooperation with Warsaw University of Technology and the Transport Faculty in frame of other initiatives.

We also are looking forward very much to your visit to Baku / Azerbaijan.

**Sincerely,**

**Rector of BEU**

**Prof. Dr. Havar Mammadov**
